Mr. Piper asked Mrs. Donato where and when interventions are conducted with the reading students and Mrs. Donato responded that every intervention specialist has their own classroom to address interventions during WIN (What I Need) so that students are not missing any regular education class time. Mr. Piper asked if we are doing any kind of tracking on the students as they advance to higher grade levels and Mrs. Donato responded that it is her goal to track the students in grades 4 and 5 as well as their middle school years to monitor their reading progress.

Mr. Myers asked if the family reading events are well attended by parents and Mrs. Donato responded yes but we always want to get more parents at our events.

Mr. Over asked what happens to reading students in grades 4 and 5 and Mrs. Donato said they continue to serve and support those students needing reading intervention; however, Title I funding does not cover those grades. Mr. Over asked why funding does not cover grades 4 and 5 and Dr. Roberts responded that we previously had funding for 9 teachers which went down to 6 teachers so the decision was made to prioritize the lower grade levels.
