Building and Grounds Department

43 Mount Rock Road

Newville, PA 17241

717-776-2000 Ext. 1604

TO : Clarissa Nace, Principal
FROM : Tim Drawbaugh, Director of Maintenance
SUBJECT: Middle School's Semi-Annual Asbestos Update
DATE : Dec. 26, 2024
CC : Dr. Nicholas Guarente, Superintendent

In accordance with state and federal asbestos management guidance, I have compiled all available data during the last six months (July 1, 2024 – Dec. 26, 2024). During this time all asbestos containing materials have been removed from the building.

Most of the asbestos containing products known of were removed by December 15, 2005, prior to the complete renovation of this facility. The asbestos remaining in the auditorium including the wall chases, VCT tile, and upper wall acoustic materials was abated by American Capital Insulation Inc. during June, July, and August of 2018.

The Big Spring School District contracted with CUMBERLAND ANALYTICAL LABORATORIES, INC. to conduct the triennial re-inspection and management plan. The next triennial inspection is scheduled for July of 2026.

Asbestos Hazard Emergency Response Act (AHERA) law requires each school, kindergarten through twelfth grade, to maintain these reports with their asbestos plan, available to the public.

A copy of the report is available in the school office and will be made available to the public upon request.
