<p>Inconsistency with AP classes/tests. Example: AP class offered in fall, tested in spring. Other districts (not all) teach same class all year, daily. AP scores are then skewed since some districts teach course all year, every day, while BS teaches only in the fall and tests months later. <i>Big Spring High School</i></p>	<p>3.5 (64) Ranked #352 of 1980</p>	<div><div>5 </div><div>4 </div><div>3 </div><div>2 </div><div>1 </div></div>

Dress code needs to be enforced. I see students in very inappropriate attire. Freedom to express yourself is different then exposing yourself. With all the sexual issues in our current society, we need to reinforce appropriate/inappropriate before they get to college and/or the workplace. *Big Spring High School*

<p>I think that each grade level should eat separately. I have friends in 7th grade Maroon, but the only time I see them is during specials. I think that the Middle School could maybe give an option to the foreign language students of having win. Maybe foreign language every other day. I am in a foreign language and sometimes I miss work or I need help with something but I cannot get the help that I need right away. *Big Spring Middle School*

I think that the school could improve by putting a special type of security camera so teachers can see what students are doing on their chromebook. most students are playing games or they are on youtube while the teacher is giving directions and/or they are supposed to be doing a projects. *Big Spring Middle School*
