

Good afternoon Big Spring Middle School families!

Following last evening's message from Dr. Guarente, I wanted to follow-up to let you know we had some false and inaccurate claims with regards to school safety shared amongst students within our building today. Our support team of administration, counselors, and teachers helped our students to process those claims and ultimately rebound back to a place of feeling both safe and supported within our middle school walls. At no time was any claim deemed credible based upon the interviews and information we were able to quickly gather. I am very proud of the protocols we followed in which we helped our students process their thoughts and feelings today, while working to ensure all of our students and staff felt safe throughout the school day. Thanks for your support on the home front and for communicating to us what you saw on social media last evening. We look forward to continuing our partnership with one another in ensuring our schools always remain safe and safety remains our #1 priority while attending school. I appreciate all of you. Thanks again, and have a great rest of your evening!

Mrs. Clarissa Nace

Middle School Principal

Big Spring School District
