General Questions:

1. President Wolf inquired if the assessments are individualized or is there a standard assessment for all students.
2. Mr. Swanson questioned if it is a fair statement that the standards are vague or broad. I would hope the standards are illuminating the vagueness.
3. President Wolf asked if Geography is being covered in Social Studies.
4. Mr. Piper inquired where all these standards come from when you talk about unpacking the standards.
5. Mr. Piper asked if all 4<sup>th</sup> graders in all buildings are getting the same standards in all subjects. When teachers write a lesson plan for a certain task to develop an assessment, who reviews this to make sure the assessment is meeting the correct standards.
6. Mr. Fry informed the Board of School Directors that principals are reviewing lesson plans which are a formative assessment. We also talk about common assessments. There are common unit assessments that teachers are aware of when writing lesson plans.
7. President Wolf stated when you compare student to students. Is it a better comparison than five years ago?
8. Mr. Blasco asked who reads all this information and brings it to the teachers. Some of the concerns or criticism I have heard is that we are teaching to the test.
